Good Info. Beware.By [Aboyade](#) on November 17, 2011

I bought this book when I began my walk into the Ifa Tradition of Nigeria. The title it's self lends you to believe that the material covered inside will be an overview of said tradition. This however is not really the case, most of the information is inspired by the diaspora tradition of Lucumi/Santeria.

This book is a portal into Yoruba religious life and history. I am incredibly grateful that Baba Ifa Karade wrote this book and that I was able to learn from it. Seeing into somebody else's life is a wonderful thing, and now I can teach others who may not understand what Yoruba religion is, or who have misconceptions about how Yoruba people live and see themselves. Great read and very informative!

This was my first book and education in understanding Yoruba and I believe it was a great start. Broke down the religion, about each Orisha, and their sacrifices.
